Foreword

The silhouettes of our lives today make impressions upon many people. Let us all strive to do and be as pleasant ALWAYS as we appear in the book commemorating our activities of this school year, 1963-1964.

The Annual Staff

Dedication

We, the Senior Class, are proud to dedicate the '64 Hawk to the man who has given unselfishly of his time and efforts.

His guidance as our class sponsor for two stimulating years and his partnership in our Prom have left lasting impressions upon us.

To you - Mr. Montgomery - no words can express our sincere gratitude and admiration.

ADMINISTRATION

Our Superintendent

To the Class of 1964:

It was with pleasure that I observed your progress and contributions over the past years -- it is also with pleasure that I note over one-third of your class is graduating with scholastic honors.

With your potential, may you remember in the years ahead that you should not measure your success by what you have accomplished, but by what you should have accomplished with your ability. There is only one person with whom you can profitably compare yourself, and this person is your yesterday self.

In the words of Winston Churchill, may I say of your commencement, "This is not the end, this is not even the beginning of the end. This is just the end of the beginning."

Sincerely,

HAROLD C. FLANIGAN

Our Principal

To the Class of 1964:

I have enjoyed working with and watching the progress of your class for the past several years. You are a class with above average ability.

It is important that each of you recognize your talents and utilize them to the utmost. Never rest on past performance. Always let the everyday, the average, be your beginning and go on from there. You can do it, this we know.

Success in any venture goes not to the average person but to the standout individual. The greatest loss to you and to the world would be for you to accept the average as enough. Remember, you must use the average as a starting point, not as a goal.

Sincerely,

DONALD A. HUCKER

"Hazel" and "Eileen" are very familiar names to the student body of Hiawatha. Their hard work and long hours are often underestimated. The efficiency of our school system has been greatly added to by their friendliness and cooperation. Our gratitude and appreciation for these two women can best be expressed by the simple word, "Thanks."

The National Honor Society was founded with the hope of challenging students to greater accomplishments. The object of the chapter is to create an enthusiasm for scholarship, stimulate a desire for service, promote leadership, and encourage development of character in the students.

It is indeed an honor to our high school to have had its first chapter of the National Honor Society begun this year.

The Future Teachers of America Clubs throughout the United States have grown out of the Horace Mann Centennial in 1937, and are projects of National Education Association and its affiliated state and local organizations. This year Hiawatha High School for the first time, became a part of this large group. The Hiawatha Future Teachers of America Club was organized in November, 1963, at the request of twenty students who have become members.

The goals of the organization are many, but foremost is the resolve to do our part in answering our nation's urgent call for more teachers. Secondly, is the aim to bring to young prospective teachers some knowledge of requirements both professional and personal. Finally, is the effort to make our members realize the great opportunities, challenges, and rewards that await the future teacher.

We were late in getting organized this year, but we hope to be more active and in the future be of real service to our school.

Some of the special F.H.A. activities during the year include a bowling party, an Initiation Banquet for members and parents, special activities for F.H.A. week, and a Mother's Tea. The F.H.A. parents for this year are Mr. and Mrs. Stuart Menz.

Soccer, tennis, bowling, volleyball, baseball, basketball, badminton - 45 girls participate in these sports throughout the year. Not only does this organization help promote good sportsmanship but also adds to the social events of the school by sponsoring a winter formal and spring banquet for the student body. The question facing the girls this spring is who will be the recipient of the "H" Cup awarded to the most outstanding girl.

Spanish Club

The purpose of Hiawatha's Spanish Club is to create for its members interest toward the Spanish People, their language, and their culture.

In December we held a Spanish Christmas Party, "la Fiesta de la Pinata." Future projects will be another social gathering and films of the Spanish-speaking countries. Also, we plan to write letters of correspondence to people in Peru. We hope that this will create even better feelings between their country and ours.

The high school instrumental program gives the opportunity to develop ability to perform on a musical instrument and to be active in various musical organizations. The marching band, which consists of all band members and the Pom-Pom girls, perform in parades during the year and at Homecoming each fall. The Concert Band, also consisting of all band members, gives a Christmas Concert during the winter, performs at the state music contest in the spring, and provides music for graduation at the end of each school year. The Dance Band gives a jazz concert during the spring of each year.

In addition to these organizations, soloists and small ensembles are also organized and rehearsed for entry in the state contests each year.

And Now a Word From Our Sponsor . . .

MR. ANDERSON

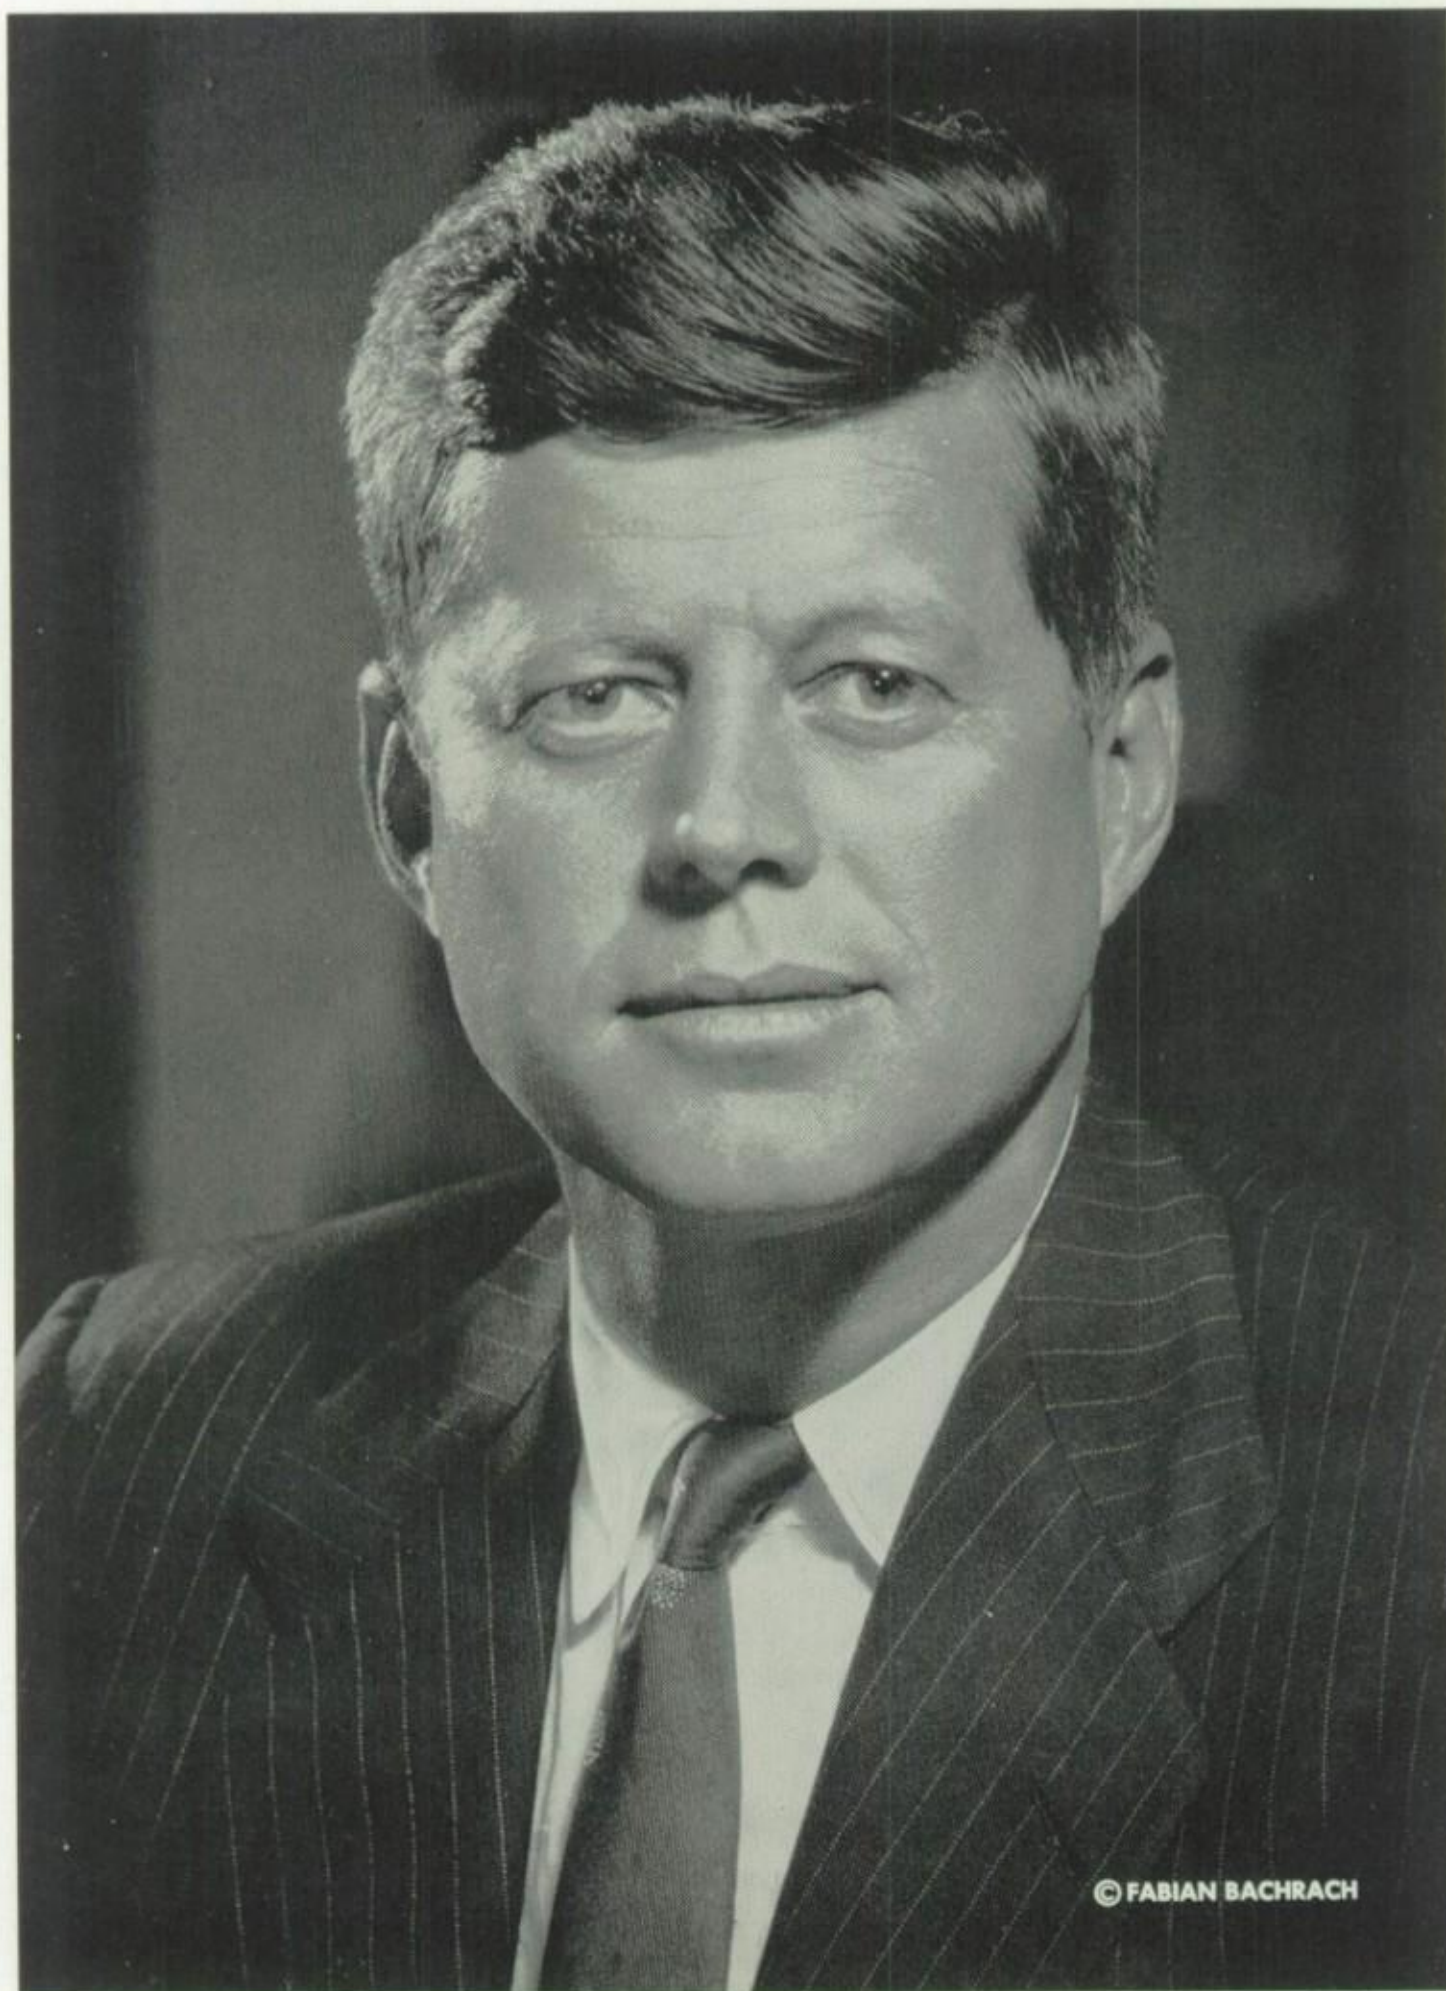

It is a privilege for me to be able to say a few words about this year's Hawk Staff. As you leaf through the pages of this yearbook, it is hoped that you appreciate the countless hours of work that have been poured into it by the staff.

It is impossible to give recognition to one person because all of the staff has worked as a team. This yearbook would not have been possible without the combined effort on the part of the various editors and co-editors, "ad" takers, and subscription takers.

I considered myself fortunate in being able to be the sponsor of such a fine group of young men and women as there were on this year's staff. They are graduating now and leaving a big shoe to fill, and it is up to you Juniors to fill this shoe.
